

**Piedmont Triad Conceptual Regional Trail Plan & Inventory**  
**Forsyth and Yadkin County Workshop Notes**  
**October 27, 2009 – 6pm**  
**Forsyth County Public Library, Lewisville**

---

There were 17 attendees. Following introductions, Darrell McBane and Jesse Day gave an overview of the regional and statewide trail planning efforts. Amy Crum and Matthew Burzcyk gave an overview of recent planning efforts in Forsyth County.

The mapping workshop results were as follows:

**Group 1 Priorities – Multi-Use**

1. Build trail along Muddy Creek from Bethania to Salem Creek
2. Construct Mill Haven Greenway: Salem Creek connector to Brushy Fork and Winston Salem State, North to Mill Creek and loop back to Muddy Creek Trail. May be able to use existing rail lines for trails
3. Connect new reservoir in Yadkin County to Lewisville and Muddy Creek
4. Provide branch trails and connection on sidewalks to major trail corridors
5. Follow utility lines for new trail development

**Group 2 Priorities - Hiking**

1. Close gaps along the MST Route, especially from Muddy Creek to Pilot Mountain
2. Expand Pilot Mountain Lands on Yadkin River South and East
3. Connect new Yadkin Reservoir to Lewisville

**Group 3 Priorities – Blueway**

1. Build Accesses on new reservoir and incorporate into a Recreation Master Plan for the new reservoir
2. Improve US 601 and Shallowford existing accesses
3. Provide access at Limerock between Rockford Shoals and Donegha
