

Piedmont Triad Conceptual Regional Trail Plan & Inventory
Guilford & Alamance County Workshop Notes
October 29, 2009 – 6pm
Elon University, Elon

There were 11 attendees, not including staff. After a brief overview of trail planning efforts at the regional statewide level, the attendees began the trail mapping workshop. The results of the workshop are as follows:

Group 1 Priorities – Multi-Use

1. Build trail along Great Alamance Creek from Hagan Stone Park to Lake Mackintosh
2. Build Rail Trail from Hagan Stone Park to Franklinville along active and inactive rail lines
3. Close gaps along Bicentennial Greenway from North Greensboro to High Point
4. Ensure trail connections to Davidson County and Abbotts Creek
5. Connect MST Trail along Reedy Fork Creek to Ossipee
6. Construct trail from the Bicentennial Greenway to Triad Park
7. Develop the Atlantic and Yadkin Trail as a Multi-Use trail to include Horses from Summerfield north

Group 2 Priorities – Hiking and Multi-Use

1. Connect MST Trail along Reedy Fork Creek to Ossipee
2. Build trail along Great Alamance Creek from Hagan Stone Park to Lake Mackintosh and connect with Cedar Rock Park Trail system
3. Build Quaker Creek Trail from Graham- Mebane Lake to Duke Forest (connect to Burlington along Back Creek)
4. Build Horse Trails from Swepsonville to Orange County Along MST Route
